REASONS FOR ALLOWANCE

Claims 55-60 and 66-79 are allowed. Claims 1-54 and 61-65 have been canceled.

Oath/Declaration

1. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because: applicants claim priority under both 35 USC 120 and 35 USC 119(e) for the same application, which has been converted from a non-provisional application to a provisional application. Since the application is currently it appears at the time of the filing of the declaration was a provisional application, the claim for priority under 35 USC 120 is not a correct declaration of the facts. Correction is required.

Reasons for allowance

2. The following is an examiner's statement of reasons for allowance: attention is directed to the paragraph number 6 of the Office Action mailed July 14, 2003. Furthermore, the prior art of record does not disclose or fairly suggest the combined elements of the claim including the step of cold mixing a liquid monoalkanolamide surfactant emulsion into a separately prepared aqueous formulation containing at least one principal surfactant and the concentrations defining the active weight of monoalkanolamide surfactant and solids content of the emulsion. The term "cold mixing" has been specifically defined at page 7, lines 18-21, of the specification.
